

Item No. TV-pTab.15

pascom pTab 15 Med

**The tablet solution for patients
for an extensive range of entertainment and services**

Thanks to the pascom pTab 15 Med, numerous service and entertainment apps can be used via a single device.

Everything you need to know about your stay in the hospital, interactive services such as ordering a menu or calling a service, TV program and much more! Everything can be easily operated using the touch screen.

Mounted on the wall, ceiling or bedside table swivel arm, the pTab can be positioned according to individual needs and is therefore the optimal solution for bedside television.

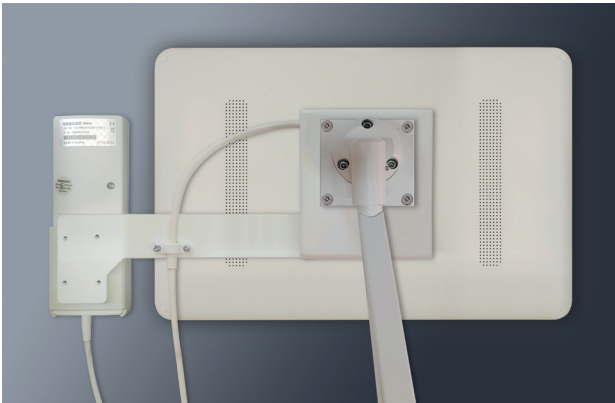

The robust housing is easy to clean and complies with current hygiene regulations.
